

Richie's

Real American

DINER

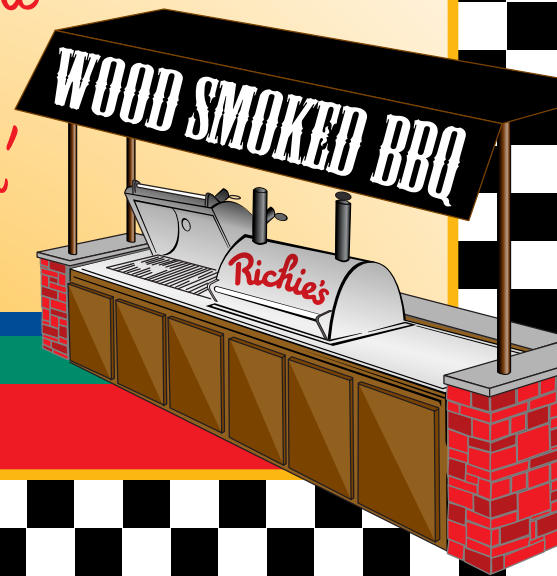

BREAKFAST

The American Diner was born back in the 1900's. The original diners were fashioned to resemble the early railroad dining cars. The good ol' diner was a great place to meet friends for good food and fun. The aromas of those homestyle meals are never to be forgotten. Richie's Real American Diner is reaching back to recapture those traditions and bring them forward to today and tomorrow. We want to recreate for our guest the good times and satisfying food we call

"The Spirit of the Real American Diner"

Richie's Diner has reached back to bring you another era of good time family dining... the ol' backyard BBQ. Our authentic Wood Smoker sets the stage for the succulent flavors of our mouthwatering Angus Tri-Tip, Premium Steaks, and our "Killer Ribs." We're building a whole new tradition that still says we're
